

Punjab State Power Corporation Limited

No:1

Date:27/10/2010

Expression of Interest

Punjab State Power Corporation Limited intends to get accreditation of its Metering Laboratory at Jalandhar from National Accreditation Board for Testing and Calibration Laboratories (NABL).

Expression of interest is therefore invited from the companies/ agencies/ consultants/ organizations of national repute.(No joint venture is allowed for the following scope of work)

OBJECTIVE

The objective of the consultancy programme is to provide assistance and implementation of Laboratory quality assurance system and to study the status of existing laboratory, Instruments, equipments etc.

1. List out and deliberate the gap between the existing laboratory and state of the art Laboratory suitable for NABL accreditation and identify the works to fill the gap.
2. Suggest measures for up gradation / improvement of existing laboratory up to the desired standards as per NABL norms.
3. Providing training to laboratory staff, framing of requisite manuals as per NABL standards and assisting in NABL accreditation.

Assignments

1. The consultant will deal with NABL on behalf of PSPCL.
2. Detailed assessment of the infrastructure, equipments and manpower available at metering laboratory Jalandhar will be carried out by the consultant. The necessary changes to be done in infrastructure and need of any additional equipment to be purchased will be detailed by the consultant after this assessment.
3. Consultant will be responsible for guidance in filing the necessary application with the NABL.
4. Consultant will guide the PSPCL in framing of the quality manual for the concerned laboratory.
5. Training to be provided by the consultant to the laboratory staff on internal quality audits, laboratory quality systems, measurement uncertainty estimations etc.
6. Rectification of non-conformities raised by NABL concerning the laboratory or the manuals prepared in the process of accreditation.
7. The trainings provided shall include classroom training, special case studies and on hand training on the concerned equipments.
8. During the whole tenure of accreditation the consultant will remain actively involved in each and every aspect concerning the accreditation of Metering Laboratory at Jalandhar.

Duration

The duration of the project shall be 9 months from the award of the contract.

Eligibility criteria

1. The agency must have annual turnover of more than rupees 1 crore in the last 5 years.
2. The agency must have experience of doing similar successful assignments and will mention while submitting the necessary documents.
3. The agency should be having its own NABL accredited meter testing and calibration laboratory for the past 5 years or more.
4. The agency should have sufficient numbers of lead assessors.
5. The agency should have ISO certification for providing consultancy.

On the basis of their response, experience, competency and above qualifying criteria, the agencies shall be short listed. Short listed agencies will be invited for giving power point presentation on the over all methodology, strategy, approach & deliverables together with technical bids and subsequently requested for submission of financial bids. Only successful technical bidders will be considered for Financial Bids.
