Invitation of Expression of Interest (EOI) for standardization of firms for supply of numerical relays for 11KV VCB Panels.

EOI is invited from National manufacturers for standardization of firms for supply of numerical, communicative type, SCADA compatible relays for 11KV VCB Panels.

The applicant must have proven experience of manufacturing relays. General requirement of relays for 11KV VCB Panels is as under:-

1. Numerical type differential relay
2. Numerical type Over Current IDMTL non directional relay
3. Numerical type IDMTL Earth Fault relay
4. Electromechanical/Static type REF relay (preferably electromechanical type)
5. Neutral Displacement relay (Numerical)
6. Over voltage relay (Numerical)
7. Under voltage (Numerical)
8. Master tripping relay (electromechanical type)

The applicant must submit its complete range of relays alongwith Settings. In addition to this following information is required to be submitted:-

1. Company profile
2. Man power detail
3. Balance sheet for last 3 years
4. List of past supply for similar item.
5. Copies of purchase orders.
6. List of machines and testing equipment available at works.
7. Type test certificates of relays.
8. Performance certificates
9. Product catalogue.
10. ISO/ISI certificate
11. Quality control process.
12. Production capacity

Conditional & telegraphic e-mail quotations shall not be accepted.

Last date of submission of EOI is 9.8.2010.

Address for communication & Submission of EOI:-

**Dy.CE/Design SubStation,
C-1, Shakti Vihar,
PSTCL, Patiala -147001**

**Ph: 0175- 2301537
Fax: 0175-2220143**

**Dy CE/Design(S/S),
Patiala.**
