Memo No. 9506/10906/CAC-37

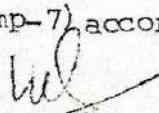

Dated:- 30.3.2001

Re: - Scheme-Classification ^{on} Transfer of Assets by Construction Divisions.

Perusal of Annexure 'A' attached to the Trial Balance (Monthly Account) has revealed that in most of the cases, Assets/Completed Works transferred by the Construction Accounting Units, while acknowledging their receipt, are not classified under the appropriate/correct schemes. In the Distribution Divisions, these are normally classified under Sub-Project, UHL River Schemes etc. This is highly irregular.

The above situation falsifies consolidated Monthly Capital Expenditure Statement supplied to the Management wherein such expenditure gets jumbled and gains inconsistency when it is compared with the utilisation of funds/budget-allocation in respect of Capital Works. Evidently, instructions issued every year in respect of March Account are not being paid any heed. Even for the March Account, 2001, instructions to this effect have been clearly laid down in para No.5 of Circular Memo No.725/1224 Dated 1.3.2001. In fact, classification of scheme, in such cases, is not to be changed and system followed by the transferer unit should remain intact.

In view of the position indicated herein, it is reiterated that the instructions on the issue may be adhered to strictly and the Assets/Completed-Works transferred by the Construction Units classified correctly as detailed above and reflected in the Annexure 'A' (Trial Balance Comp-7) accordingly.

Accelerated Power Development Programme—
Accounting Procedure.(A.P.D.P)

Reference Accounting Instructions on the above
subject issued vide Circular Memo No. 28/1471/B-10/SC-41
dated. 19.1.2001.

In the instructions, it has been laid down that:-

- Expenditure on various works of APDP scheme is booked under Group Head-14.
- Nomenclature of the work(s) is so devised that it takes care of the project/scheme i.e. Renovation/Modernisation, Transmission and Distribution network or Energy Accounting or Metering, as the case may be, and is reflected under Accelerated Power Development Programme(APDP)
- Separate pages of Form CE-21 Register of works are allotted for recording works expenditure

(cont... 2/p)

under the above scheme.

Expenditure under the scheme is shown in the Annexure to trial balance distinctly as is being done for other scheme.

These provisions were made in the instructions to ensure that the expenditure incurred under the scheme is not intermingled with other works expenditure. But, it has been noticed that these provisions of the instructions are not being complied with. Resultantly no expenditure is appearing [REDACTED] received under the Programme is scheme finance which is subject to audit as well as monitoring by the Board/Financing agencies. Such unpleasant position can also put the Board in an awkward position.

In view of this situation, the Divnl. Officers are stressed upon to ensure that the instructions issued through above Circular Memo dated 19.1.2001 are complied with meticulously and the expenditure on APDP scheme is reflected in the accounts as provided therein so that there is no problem in spotting the works expenditure on the scheme in question vis-a-vis assistance/funds released by the Govt./ Banks on this account. Extra care needs to be taken in the classification, and in case any expenditure has been misclassified
